CRISTINA ELKINS

CREATOR OF ORGANIC CRISSY

Who is Cristina Elkins?

Cristina Elkins was born & raised in Cleveland, OH in the quaint community of Shaker County. Cristina is a very nurturing & intuitive woman. She wants to educate & uplift everyone around her.

What mark do you want OC to leave on the World of Comics?

"The BIGGEST thing I want to do is to promote health awareness! I want to inspire people to take a look at their current day to day nutrition & fitness regimens and make serious changes. Health is Wealth!"

What is a strong black woman & how does OC represent that?

To me a strong black woman is independent, intelligent, extremely resilient & nurturing; but she also knows when she needs help. OC represents this in her universe by motivating everyone around her to make the necessary changes to live a healthier lifestyle! When battling villains she even tries to show compassion by encouraging them to change their ways & join TEAM OC! She also spends a lot of time doing community outreach and helping the underprivileged. Through research and the development of nutrition & fitness regimens, she's determined to keep her city strong, and to protect the citizens at all cost!
